

February 1, 2012

Dear Parent/Guardian,

Shiloh now has access to a great resource called Study Island (www.studyisland.com). It is a web-based computer program that covers the state standards that are tested on the Ohio Achievement Assessment (OAA). The rigorous academic content of Study Island is both fun and engaging for the students. Study Island is accessible to students from school, home or anywhere they have Internet access. Study session results are automatically recorded for teacher review, including sessions completed outside of school.

Starting next week, the students will be receiving weekly assignments from me to complete on Study Island at home in preparation for the OAA tests on April 23 - 25. Please encourage your child to complete these assignments on a regular basis. Assignments along with due dates will be posted on my Website at www.kirner.org.

I am asking that if you are without Internet access, please be sure to check the box on the bottom of the letter. I will try to have those students work on the computers at school during study hall to complete these assignments.

Your child's HAC username and password will be used for Study Island with one exception. Students must add "@parmacityschools.org" to the end of their username.

I am excited about the potential benefits of Study Island and I hope you will encourage your child to take advantage of this program. If you have any questions, please call or email me at school. Please sign the bottom of the letter and have your child return it to school.

Sincerely,

Mrs. Kirner

To access Study Island:

Go to: www.studyisland.com

Username: `lastname.firstinitial@parmacityschools.org`

Password: your child's HAC password

Please sign and return to Mrs. Kirner
